120 YEARS
OF HISTORY?

Our History

The journey began in 1902, in a workshop in the center of Porto. Since then, we have dedicated ourselves to handcrafted silver.

Our presence has been marked by tradition, the quality and exclusivity of our pieces, and our attention to detail. Our desire is clear: to create real works of art which tell a story. A mission which is now in the hands of the sixth generation of the ALCINO family. Initially, we produced decorative silver objects manually.

Today, we embrace the world of jewelry, decorative accessories, sacred art, author projects, among others. Our 120-year-old workshop also restores silver pieces and creates and develops personalized ones. Our secret lies in the expert hands of the artisans who, with firmness and smoothness, create sophisticated, unique, and timeless pieces. They certainly have a soul and a story to tell.
